Mining Market Intelligence and Strategy

ZAMBIA FOR MINING SUPPLIERS

Where to look, what to validate and how to approach the market.

US$149 per attendee | Session date confirmed separately

What you will learn

Distinguish reported activity from available procurement, identify supplier applications and map purchasing and technical approval routes.

What is included

A 45-minute presentation and 15-minute group Q&A;, a presentation handout and a three-page participant workbook. The briefing uses dated public evidence and practical validation questions.

Who it is for

Manufacturers and mining service companies evaluating Zambia. Bring one product or service category. Keep confidential company information out of group discussion.

Registration

Enquire about a session. Date, time zone, platform, availability and cancellation terms are confirmed before payment. No recording is promised. Company-specific advice is separately scoped.
